INFO: To mark Holocaust Memorial Day, 91-year old Eva Schloss MBE tells her remarkable story. A childhood neighbour of Anne Frank in Nazi-occupied Amsterdam, she was incarcerated in and then liberated from Auschwitz.

Before the Second World War, Eva and her family were neighbours of the Franks in Amsterdam. The two families went separately into hiding from the Nazis. Both were betrayed and deported to Auschwitz. Eva, her mother and Anne's father were the only survivors. When Eva settled in London after the War, Eva's mother and Anne's father married. Eva has published three books and speaks about her experiences to thousands of people around the world.
