PREPARATION FOR S3 PROFILE

1 Achievements (academic and wider):

e.g. school prizes or awards, certificates/stamps, team work in sports or organisations. Achievements can be personal e.g. home study returned on time, 100% attendance and contributing to fundraising to help others.

2 Ambitions:

Eg College/University/Dream Job

3 Personal:

Something you feel strongly about e.g. environmental issues, the way you want to live your life, your values, the way you want the world to be

SMART TARGETS

- Where am I now? Check out yourself, your situation: your achievements, your qualities
- Where am I heading? Identify your goals and ambitions: Decide what you want to do, learn, improve, change, develop.
- How will I get there? Identify your targets and the action needed to move towards your goals.

Specific - Says exactly what needs to be done Measurable - Easy to tell when achieved Achievable - Possible to achieve in near future Realistic - A sensible & relevant thing to do

Time-related - A date has been set for achieving the target

See if you can come up with some SMART targets for yourself to be achieved in the near future...... (e.g. the next week/month/term)
